We have audited the accompanying balance sheets of POYA International Co., Ltd. as at December 31, 2021 and 2020, and the related statements of comprehensive income, of changes in equity and of cash flows for the years then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2021 and 2020, and its financial performance and its cash flows for the years then ended in accordance with the “Regulations Governing the Preparation of Financial Reports by Securities Issuers” and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations as endorsed by the Financial Supervisory Commission.

Basis for opinion

We conducted our audits in accordance with the “Regulations Governing Auditing and Attestation of Financial Statements by Certified Public Accountants” and generally accepted auditing standards in the Republic of China (ROC GAAS). Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Professional Ethics for Certified Public Accountants in the Republic of China (the “Code”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters

were addressed in the context of our audit of the financial statements as a whole and, in forming our opinion thereon, we do not provide a separate opinion on these matters.

Key audit matters for POYA International Co., Ltd. financial statements of the current period are stated as follows:

Completeness and accuracy of franchising retail sales revenue

Description

Please refer to Note 4(19) “Revenue recognition” for accounting policies on retail franchising.

In retail franchising, merchandise information such as name, cost, retail price, price changes and annual sales discount is first established. The point of sales system (henceforth POS) is used to run the merchandise information automatically. Each store gathers sales transactions by the end of the day. The system will aggregate all the information of transactions and then upload to ERP system to generate sales revenue journal entries. In addition, each store has to file cash report daily including cash, gift vouchers, credit cards, and electronic payment devices and reconcile with system data. Cash collections are deposited with the banks periodically.

Due to numerous transactions with small amount, retail franchising highly relies on POS and ERP system to generate reliable and accurate data. Thus, we identified the completeness and accuracy of retail franchising sales revenue as a key audit matter.

How our audit addressed the matter

Our procedures in relation to the above key audit matter included:

1. Checking randomly whether the merchandise information has been properly approved and attached with relevant evidence whenever merchandise information is created or changed;
2. Checking randomly whether the merchandise information has been transferred to POS system;
3. Checking randomly whether all the sales that were recorded in the POS are periodically transferred to ERP system and recorded in operating revenue journal entry automatically;
4. Reviewing the reasons and the relevant evidences for manual adjusting journal entries that are related to retail franchising sales revenue; and
5. Reviewing whether stores’ cash deposits amounts recorded on the daily cash report are in accordance with bank remittance amounts.

Calculation of cost to retail ratio of retail inventory method

Description

Please refer to Note 4(7) for accounting policies on inventory and Note 6(3) “Inventory” for related information on inventory and cost of sales.

Due to various kinds of merchandise, retail inventory method is used to estimate cost of inventory and cost of goods sold which are both calculated using the rate of cost of goods purchased to retail value of goods purchased (known as cost to retail ratio). The calculation of cost to retail ratio is generated automatically by the ERP system and highly relies on the goods purchased both at cost and retail price.

Thus, we identified the accuracy and reliability of calculation of cost to retail ratio of retail inventory method as a key audit matter.

How our audit addressed the matter

Our procedures in relation to the above key audit matter included:

1. Conducting interviews with management to obtain an understanding of the calculation of cost to retail ratio in the calculation system of retail inventory method and determining whether it has been consistently applied in the comparative periods of financial statements;
2. Checking randomly whether the merchandise information has been properly approved and attached with relevant evidence whenever merchandise information is created or changed;
3. Confirming whether the records of cost of inventory purchased in POS are transferred to ERP periodically and completely and the records could not be changed manually; and
4. Checking the computation for the correctness of cost to retail ratio.

Responsibilities of management and those charged with governance for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the “Regulations Governing the Preparation of Financial Reports by Securities Issuers” and the International Financial Reporting Standards, International Accounting Standards, IFRIC Interpretations, and SIC Interpretations as endorsed by the Financial Supervisory Commission, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including audit committee, are responsible for overseeing the Company’s financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ROC GAAS will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ROC GAAS, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters

in our audit report unless law or regulation precludes public disclosure about the matters or when, in extremely rare circumstances, we determine that the matters should not be disclosed in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such disclosures.

Additionally 15 days before the date of the Shareholders' Meeting, the Shareholders' Meeting minutes and supplemental meeting materials shall be prepared by the Company for any reference by the shareholders, being displayed at the Company and its shareholders services agent as well as being distributed on-site at the Shareholders' Meeting.

The reasons for convening the shareholders meeting shall be specified in the meeting notice and public announcement, which shall be delivered by emails after the agreement of the counterparts.

Election or dismissal of directors, amendments to the Articles of Incorporation, the dissolution, merger, or demerger of the Company, any matter under Article 185, paragraph 1 of the Company Act, or any matter under Articles 26-1 and 43-6 of the Securities and Exchange Act, or any matter under Articles 56-1 and 60-2 of Regulations Governing the Offering and Issuance of Securities by Issuers shall be set out in the reasons for convening the Shareholders Meeting. None of them mentioned above may be raised by an extraordinary motion.

- Article 4 A shareholder may appoint an attorney to attend a Shareholders' Meeting on his or her

behalf by offering a proxy statement printed by the Company, declaring the scope of authorization with respect to the meeting agenda. A shareholder may only execute one power of attorney, appointing one proxy as limited, and shall serve such written proxy to the Company no later than 5 days prior to the date of the Shareholders' Meeting. In the case two or more written proxies are received from one shareholder, the first one received by the Company shall prevail unless a declaration is made to cancel the previous proxy appointment.

Article 5 A Shareholders' Meeting shall be convened at the premises of the Company or a place which is convenient for all the shareholders to attend and is suitable for holding the Shareholders' Meeting. The meeting time shall not be earlier than 9am, or later than 3pm. The opinion of the independent directors shall be taken into consideration when selecting the location and time of the Shareholders' Meeting.

Article 5-1 The matters such as time and place for accepting attendance registrations of the shareholders, and other items for attention shall be specified in the meeting notice of the Shareholders' Meeting. The attendance registration of the shareholders, mentioned in the preceding paragraph, shall be accepted at least 30 minutes before the beginning of the Shareholders' Meeting. The place for accepting attendance registration shall be clearly marked and handled by the sufficient number of suitable personnel.

Article 6 The Company shall furnish the attending shareholders or their proxies (collectively, "shareholders") with an attendance book for signing-in. The attending shareholders may also hand in a sign-in card in place of signing-in on the attendance book. The Company shall provide the attending shareholders with a meeting agenda handbook, annual report, attendance card, speaker's slips, voting slips and other meeting materials. Where there is an election of the directors, pre-printed ballots shall also be offered.

The shareholders shall attend the shareholders' meetings based on the attendance cards, sign-in cards or other certificates of attendance. The Company may not arbitrarily ask to offer additional identification documents as the identification documents of the attending shareholder has been already provided. The solicitors who solicit proxy forms shall also bring identification documents for verification.

When the government or a legal entity is a shareholder, it may be represented by more than one representative at a Shareholders' Meeting. However when a legal entity is appointed as proxy to attend the Shareholders' Meeting, it may designate only one person to represent it in the meeting.

Article 7 If the Shareholders' Meeting is convened by the Board of Directors, the meeting shall be chaired by the Chairman of the Board; the Vice Chairman shall act in place of the Chairman if he/she is on leave or for any reason unable to exercise the powers; one of the

managing directors shall be appointed to act as meeting Chair by the Chairman of the Board if there is no Vice Chairman or the Vice Chairman is also on leave or for any reason unable to exercise the powers; one of the directors shall be appointed to act as meeting Chair appointed by the Chairman of the Board if there are no managing directors; one of the managing directors or the directors shall be selected from among themselves to serve as meeting Chair if the Chairman does not make such a designation.

The Shareholders' Meeting convened by the Board of Directors shall be chaired by the Chairman personally, shall be participated personally by the half or more of all the director members, shall be participated by at least one committee member on behalf of each functional Committee, and the attendance shall be included in the meeting minutes of the Shareholders' Meeting. If the Shareholders' Meeting is convened by the convener other than the Board of Directors, the convener shall chair the meeting. If two or more persons are so entitled to convene the meeting, they shall select one from among themselves to serve as meeting Chair.

The Company may appoint its attorneys, certified public accountants, or relevant personnel to participate in a Shareholders' Meeting as a non-voting observer.

Article 8 The Company, beginning from the time accepting attendance registrations of the shareholders, shall make an uninterrupted audio and video recording of the registration procedure, the proceedings of the Shareholders' Meeting, and the voting and vote counting procedures.

The recorded materials in the preceding paragraph shall be retained for at least 1 year. However, if a shareholder files a lawsuit according to Article 189 of the Company Act, the recordings shall be retained until the conclusion of the litigation.

Article 9 Attendance at the Shareholders' Meetings shall be calculated based on the share number. The number of shares in attendance shall be calculated according to the shares indicated by the attendance book and sign-in cards, plus the number of shares whose voting rights are exercised by correspondence or electronic means. The Chair shall call the meeting to order at the time scheduled for the meeting, and announce the number of no voting rights and attending shareholders. However if the number of shares held by the attending shareholders is below than half of the total number of issued shares, the Chair may announce postponement of the meeting. The postponement shall be announced twice only as limited and for a combined total of no more than 1 hour. If the shares held by the attending shareholders are still below one-third of the total number of issued shares, with two postponements being announced, the Chair may announce that the meeting shall be canceled.

If the quorum is not met after two postponements as mentioned in the preceding paragraph, but the attending shareholders represent one third or more of the total number of issued

shares, a tentative resolution may be adopted pursuant to Article 175, paragraph 1 of the Company Act; all shareholders shall be notified of the tentative resolution and another Shareholders' Meeting shall be convened within 1 month.

When, prior to conclusion of the meeting, the attending shareholders represent a majority of the total number of issued shares, the Chair may resubmit the tentative resolution for a vote by the Shareholders' Meeting pursuant to Article 174 of the Company Act.

Article 10 The meeting agenda of the Shareholders' Meeting convened by the Board of Directors shall be determined by the Board. The meeting shall follow the meeting agenda which shall not be changed without the resolution of the Shareholders' Meeting.

The provisions of the preceding paragraph apply *mutatis mutandis* to a Shareholders' Meeting convened by a party with the power to convene that is not the Board of Directors.

The Chair may not declare the meeting adjourned prior to the completion of deliberation on the meeting agenda of the preceding two paragraphs (including extraordinary motions), except by a resolution of the Shareholders' Meeting. If the Chair declares the meeting adjourned in violation of the Rules, the other members of the Board of Directors shall promptly assist the attending shareholders in electing a new Chair in accordance with statutory procedures, by agreement of a majority of the votes represented by the attending shareholders. Then, the Shareholders' Meeting shall be continued.

The Chair shall allow ample opportunity during the meeting for explanation and discussion of the proposals and amendments or extraordinary motions put forward by the shareholders; when the Chair is of the opinion that a proposal has been discussed sufficiently to put it to a vote, the Chair may announce the discussion closed and call for a vote.

Article 11 Before speaking, an attending shareholder must specify on a speaker's slip the subject of the speech, his/her shareholder account number (or attendance card number), and account name. The order in which shareholders speak shall be set by the Chair.

An attending shareholder who submits a speaker's slip but does not actually speak shall be deemed not to speak at the meeting. When the content of the speech does not correspond to the subject given on the speaker's slip, the spoken content shall prevail.

On the same issue, each shareholder shall not take the floor more than twice and shall not speak more than five minutes for each round unless agreed by the Chair. If the shareholder's speech violates the Rules or exceeds the scope of the meeting agenda, the Chair may terminate the speech.

While an attending shareholder is taking the floor, other shareholders shall not interrupt or interfere with the current floor unless agreed by the Chair and the speaking shareholder.

The Chair shall stop an offender.

If there are two or more representatives appointed by a legal entity shareholder to participate in a Shareholders' Meeting, only one representative may speak on the same issue.

After the speech of an attending shareholder, the Chair may respond in person or direct relevant personnel to respond.

Article 12 The vote of the Shareholders' Meeting shall be calculated based on the total shares held by the shareholders.

The resolution of Shareholder's Meeting shall be made based on the calculations of total issued shares excluding the non-voting shares.

When the matters being discussed at the meeting have relations with the personal interests of a shareholders and cause harmful impact on the Company's interests because of such relations, the shareholder shall refuse involvement in voting and acting as proxy to exercise the voting rights on the behalf of other shareholders. The shares unable to exercise the voting rights in the preceding paragraph shall be excluded from the voting rights of the attending shareholders.

When an attorney, except for trust enterprises or registrar which has been permitted by competent authorities, receives the proxies from two or more shareholders, the voting right on behalf of other shareholders shall be limited to 3% of the voting rights of total issued shares. The voting rights exceed the standard mentioned above shall be excluded.

When the Company holds a Shareholders' Meeting, the shareholders are allowed to exercise voting rights by correspondence or electronic means. When voting rights are exercised by correspondence or electronic means, the method of exercise shall be specified in the Shareholders' Meeting notice. A shareholder exercising voting rights by correspondence or electronic means shall be deemed to have attended the meeting in person, but to have waived his/her rights with respect to the extraordinary motions and amendments to original proposals of that meeting.

A shareholder intending to exercise voting rights by correspondence or electronic means under the preceding paragraph shall deliver a written declaration of intent to the Company 2 days before the date of the Shareholders' Meeting. When duplicate declarations of intent are delivered, the one received earliest shall prevail, except when a declaration is made to cancel the earlier declaration of intent.

If a shareholder intends to attend the Shareholders' Meeting in person after he/she has exercised voting rights by correspondence or electronic means, a written declaration of intent to rescind the voting rights which has been exercised by the ways mentioned above

shall be made known to the Company by the same means by which the voting rights were exercised. The written declaration mentioned above shall be handed in 2 business days before the date of the Shareholders' Meeting; if it is submitted after the time period, the voting rights already exercised by correspondence or electronic means shall prevail.

When a shareholder has exercised voting right both by correspondence or electronic means and by appointing a proxy to attend a Shareholders' Meeting, the voting rights exercised by the proxy in the meeting shall prevail.

Article 13 A shareholder shall be entitled to one vote for each share held, except those restricted shares or shares without voting rights under Article 179, paragraph 2 of the Company Act.

When this Corporation holds a shareholder meeting, it shall adopt exercise of voting rights by electronic means and may adopt exercise of voting rights by correspondence. When voting rights are exercised by correspondence or electronic means, the method of exercise shall be specified in the shareholders meeting notice. A shareholder exercising voting rights by correspondence or electronic means will be deemed to have attended the meeting in person, but to have waived his/her rights with respect to the extraordinary motions and amendments to original proposals of that meeting; it is therefore advisable that this Corporation avoid the submission of extraordinary motions and amendments to original proposals.

A shareholder intending to exercise voting rights by correspondence or electronic means under the preceding paragraph shall deliver a written declaration of intent to this Corporation before two days before the date of the shareholders meeting. When duplicate declarations of intent are delivered, the one received earliest shall prevail, except when a declaration is made to cancel the earlier declaration of intent.

After a shareholder has exercised voting rights by correspondence or electronic means, in the event the shareholder intends to attend the shareholders meeting in person or online, a written declaration of intent to retract the voting rights already exercised under the preceding paragraph shall be made known to this Corporation, by the same means by which the voting rights were exercised, before two business days before the date of the shareholders meeting. If the notice of retraction is submitted after that time, the voting rights already exercised by correspondence or electronic means shall prevail. When a shareholder has exercised voting rights both by correspondence or electronic means and by appointing a proxy to attend a shareholders meeting, the voting rights exercised by the proxy in the meeting shall prevail.

Except those specified in the Company Act or the Company's Articles of Incorporation, a resolution shall be adopted by half or more of the votes represented by the attending shareholders. At the time of a vote, for each proposal, the chair or a person designated by the chair shall first announce the total number of voting rights represented by the attending

shareholders, followed by a poll of the shareholders. After the conclusion of the meeting, on the same day it is held, the results for each proposal, based on the numbers of votes for and against and the number of abstentions, shall be entered into the MOPS.

When there is an amendment or an alternative to a proposal, the Chair shall present the amended or alternative proposal together with the original proposal and decide the order in which they shall be put to a vote. However, if any one of the proposals is adopted, the other proposals shall be deemed rejected and no requirement for further voting on them.

The personnel for supervising the casting of votes and counting shares for resolutions shall be designated by the Chairman; however, that the person supervising the casting of votes shall be a shareholder. Vote counting for the proposals or election resolved at the Shareholders Meeting shall be conducted in public at the place of the Shareholders Meeting. The results, including the statistical tallies of the numbers of votes, shall be announced on-site immediately after the vote counting is completed, and shall be recorded in the minutes.

Article 14 The election of the directors at a Shareholders' Meeting shall be held according to "Rules for Election of Directors" adopted by the Company, and the voting results shall be announced on-site immediately, including the name list of the elected directors and unelected directors, the number of ballots received by each.

The ballots for the election mentioned in the preceding paragraph shall be sealed with the signatures of the monitoring personnel and kept in proper custody for at least 1 year. If, however, a shareholder files a lawsuit pursuant to Article 189 of the Company Act, the ballots shall be retained until the conclusion of the litigation.

Article 15 The resolution made at the Shareholders' Meeting shall be included in the meeting minutes, which shall bear the signature or seal of the Chair and be distributed to each shareholder within 20 days after the meeting. The distribution of the meeting minutes in the preceding paragraph may be made by the form of an announcement.

The minutes shall be faithfully record the items, such as meeting's year, month, day, place, Chairman's name, the methods of resolution, summary of the proceedings, and results of resolutions. The minutes of Shareholders' Meeting shall be preserved during the existence of the Company.

"There is no objection from any shareholders after solicited by the Chairman and the resolution is passed" shall be recorded in the meeting minutes if the proposal is passed after the Chair inquires the shareholders' opinion and no objection is raised. If there is any objection and the proposal is to put to a vote, however, the method for resolution, the number of approval votes cast and the percentage of the approval votes as to total votes shall be recorded in the minutes.

- Article 16 The Company shall upload the resolution content of Shareholders' Meeting to the MOPS within the prescribed time period if the resolution concerning the significant matters regulated by the applicable laws or regulations, or the regulations of Taiwan Stock Exchange Corporation (or GreTai Securities Market).
- Article 17 The meeting Chair may instruct security personnel to help maintain order at the meeting. When a shareholder attempts to speak by any device other than the public address equipment set by the Company, the Chair may prevent the shareholder from speaking. The Chair may also instruct security personnel to escort a shareholder from the meeting if the shareholder violates the Rules and defies the Chair's correction, or obstruct the proceedings and refuse to stop.
- Article 18 When a meeting is taking place, the Chair may announce a break based on time considerations. If an event with force majeure occurs, the Chair may rule the meeting temporarily suspended and announce a time for resuming the meeting in view of the circumstances.
